

ELECTION PROTECTION **YOU HAVE THE RIGHT TO VOTE**

1-866-OUR-VOTE

FREQUENTLY ASKED QUESTIONS: FLORIDA

Questions Involving Access to the Ballot:

1. It is after 7:00 AM and the polling place is not open.

The polls are open 7 a.m. to 7 p.m. on Election Day. If the polls are not open at 7 a.m., contact the Supervisor of Elections in the caller's county and immediately inform him/her that the polling location is not open on time. For updated names and contact information, see <http://election.dos.state.fl.us/county/index.shtml>

2. It is 7:00 PM and my precinct is closed or closing and they will not let me vote.

The polls are open 7 a.m. to 7 p.m. on Election Day. If you are in line by 7 p.m., you must be allowed to vote. Immediately contact the Supervisor of Elections for the caller's county and inform him/her about the problem. For updated names and contact information, see <http://election.dos.state.fl.us/county/index.shtml>.

4. There are equipment problems at my precinct and I cannot vote. What should I do?

Contact the Supervisor of Elections if the polls are not open between 7 a.m. and 7 p.m., including if machine problems result in closing a polling place during those times. If there are problems with individual machines, these should be raised immediately with precinct workers. If a caller reports problems with machines, immediately contact the Electronic Frontier Foundation representative at the call center to walk you through the appropriate steps to solve the machine problem.

Identification and Provisional Ballots:

1. I do not have any identification with me. Can I vote?

Yes. If you do not have the proper identification you will be required to vote a provisional ballot. Unlike other states, the provisional ballot should be counted if the voter is registered to vote and is in the right location. Remind the voter that s/he should verify that the ballot was counted and, if it was not, to call back on the 866-OUR-VOTE hotline. If the voter is on the voter roster and is a first-time voter who registered by mail and did not present acceptable identification at that time, the voter must provide photo identification on Election Day, otherwise, he or she may vote by provisional ballot.

2. I am a registered voter who is not on the rolls at my precinct. Can I vote?

A verification specialist stationed at the precinct will check to see if you are a registered voter by researching your information on a database on site. Make sure the poll worker checks the full list of voters and not just the one for your precinct. If the poll worker says you are not eligible to vote but you think you are, you can use a provisional ballot. The provisional ballot lets you make choices just like regular voting. The big difference is that your choices will not be counted unless it is later determined that you were eligible to vote and you voted in the right precinct. **Note: The voter must be at the correct precinct in order for the provisional ballot to count.** Hotline volunteers should also verify the voter is in the correct precinct. If the poll worker tells you that you cannot vote, you have the right to know the reason. If a voter is forced to vote a provisional ballot, remind the voter to verify that the ballot was counted.

3. Poll workers are turning voters away if they don't have photo ID.

If a voter is denied the right to vote because he or she does not have photo identification, please call the Election Protection hotline immediately at 1-866-OURVOTE. Note: If you do not have the proper identification you will be required to vote a provisional ballot. If the voter is on the voter roster and is a first-time voter who registered by mail and did not present acceptable identification at that time, the voter must provide photo identification on Election Day, otherwise, he or she may vote by provisional ballot.

4. I have been offered a provisional ballot. What should I do?

Before you vote on a provisional ballot, MAKE SURE you are in the right precinct for your current address. Give the poll worker your current address and ask whether you are in the right precinct. If you use a provisional ballot in the wrong precinct, your vote will NOT count. Hotline volunteers should also verify the voter is in the correct precinct.

Where to Vote:

1. Where do I vote (for voter's who have not moved)?

Contact the Supervisor of Elections for polling locations. For updated names and contact information for your particular county, see <http://election.dos.state.fl.us/county/index.shtml>.

2. I have moved within the same PRECINCT and have not updated my address for voter registration purposes. Where should I vote?

If the voter has moved within the same precinct, the voter should go to the appropriate polling place for that precinct. If the voter registration list still lists the voter's old address, the voter will be asked to update his/her registration. If the updated address is within the precinct, the voter must be permitted to vote.

3. I have moved to a different precinct within the same COUNTY and I have not updated my address for voter registration purposes. Where should I vote?

If you move your residence outside your assigned precinct, you must vote in the precinct to which you have moved. If you move, you must contact your county Supervisor of Elections office.

4. I have moved from one county to another and have not updated my address for voter registration purposes. Where should I vote?

If there is insufficient time before the Election to send an address change to the Supervisor of Elections you will be allowed to update your address at the polls on Election Day. You must vote in the precinct of your current legal residence. You should contact the Supervisor of Elections to find out where the precinct for your residence is located.

Assistance at the polls:

1. I am physically disabled and need assistance; will my polling place be accessible?

Yes, all polling places are wheelchair accessible and offer parking for persons with disabilities. There are also touch screen voting machines available at wheelchair accessible heights at each polling place. Additionally, every voting precinct and each office of the Supervisor of Elections will have one touch screen voting machine that has an audio capability which allows people with disabilities to vote with no assistance and in complete privacy. The voter uses earphones to listen to the candidates or issues on the audio ballot. Selections are made by using a portable, handheld control unit. For the visually impaired, handheld magnifiers are available in each precinct to enlarge the text of the ballot.

2. I am blind; physically disabled or can not read English and require assistance at the polls in order to vote. Can I get assistance at the polls?

Yes, the precinct register must indicate that assistance has been requested or the voter may sign a Request for Assistance Form at the polling place. Assistance can be provided by two election officials or someone else of the persons own choice, other than his/her employer, an officer, or agent of his/her union. This request can be made when registering to vote, at the polling place by signing a Request for Assistance form or by notifying the Supervisor of Elections Office at the time the disability arises.

Miscellaneous Issues:

1. I have been approached by candidates or others at the polls.

No person, political committee, committee of continuous existence, or other group or organization may solicit voters within 50 feet of the entrance to any polling place, or polling room where the polling place is also a polling room, on the day of any election, with limited exceptions

2. What if I requested an absentee ballot but I want to vote in person on Election Day?

If you received your absentee ballot, you should return it, whether voted or not, to the poll workers on election day. Your absentee ballot will be voided and you will be allowed to vote at the polls.

3. There are people at the polls trying to intimidate voters.

Tell a poll worker right away. If the poll worker is the problem, call the Supervisor of Elections or tell a poll watcher. Hotline volunteers should immediately contact a Commander.

4. I have a felony conviction. Can I vote?

Not unless the voter receives clemency from the Governor. Contact the Office of Executive Clemency to obtain the required information to have your voting rights restored.

5. I am a college student, can I vote where I go to school?

Yes, as long as that is where you are registered. Your voter registration should always reflect your current residence address. If you move, you must notify the supervisor of elections by providing a signed, voter registration application, indicating the address change. If you need additional information regarding an address change, contact the office of your county supervisor of elections.
